Completed

2012

Agricultural Projects & Practices > Confined Animal Feeding Operations (CAFO)

Construct beef waste storage and winter feeding loafing building.

The Resource Conservation and Rangeland Development Program provides low interest loans to landowners for projects and practices that provide conservation benefits. All loans made to borrowers are repaid to the state with interest.

Key Accomplishments

- Cafo (number): 1
- Fence (linear feet): 2,200.00 lf
- Pipeline (linear feet): 1,000.00 lf
- Waste Storage Facility (number): 1
- Watering Facility (number): 3

Project Themes

- Habitat and Species
- Healthy Watersheds

Expenditures

Expenditures by Funding Source to Date: \$157,232.00

Photos

No additional photos provided

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
